

HUNGRY WOLF

NOT JUST FOOD - A QUEST WORTH SAVORING.

HW GROUP 14 - YASHVI SHAH | SMITA NAIK | PURTEE MAHAJAN | ANSH PETHANI

MISSION

Online food delivery has gone stale, dull experiences for customers and razor-thin margins for restaurants. The Hungry Wolf changes that. We're building a hyper-personalized, gamified food ecosystem that turns every order into a rewarding, community-driven adventure. Our platform empowers restaurants to own their brand, connect directly with diners, and thrive in a vibrant, sustainable food-tech world where everyone wins.

LIVE DEMO

- User, Restaurant & Rider Onboarding - Everyone's in the game.
- Order Flow and Tracking - Orders in motion, visible in real-time.
- Menu & Profile Tools - Manage what matters most.
- Manual Feedback System - Listening, learning, improving.
- Meal Donation Program - Doing good, one meal at a time

USP

Gamified Experience
Earn points for every order and review. Use your points for discounts and special offers!

Local Legends
Support local restaurants and earn extra points for choosing our Local Legend partners.

Social Impact
Every 10 orders helps donate a meal to those in need through our Meal-for-a-Meal program.

Ready to Start Your Food Adventure?

Join thousands of food lovers who are making a difference with every bite.

MILESTONES

CORE STAKEHOLDERS

- Customers – Individuals using the app to order food.
- Restaurants/Vendors – Businesses providing the food.
